

ATH'S FOLKLORE AND LAND PRODUCT GROUP DISCOVERY PACKAGE ...

Interested in giants and Belgian beer : be our guest and visit the Giants' House and the « Brasserie des Géants » (Giants' brewery).

In 1996, Ath's town council bought the Cambier castle. After four years of restoration, the **Giants' House** opened its doors in 2000. Ever since, many visitors have come to discover its audiovisual shows, presenting the European giants. Films, pictures and various documents give life to the giants and their festivals. The visitor learns their story, the way they are built and carried.

Giants from various European countries are waiting for you, ready to tell you about their very own tradition. Come to the Giants' House and take part to colourful festivals all over Europe!

In their medieval farm, Pierre and Vinciane Delcoigne welcome the visitors and invite them to taste one of their various beers made using traditional methods and natural ingredients. The Gouyasse, as all the other beers brewed at the Giants' Brewery, combines tradition and technology. The master brewers introduce the visitors to all brewery trade secrets, from malt processing to bottling.

Duration : **3 hours** (other visits or programs upon request)

Price : **9 €/visitor** (beer included)
